

RAIN SHORTAGE DAMAGES CROPS SOME SECTIONS

Weekly Report of Weather Bureau Shows Damage Done South and West Part of State.

Following is the state weather and grain crop report for the week ending June 27, issued yesterday by the United States weather bureau at Santa Fe:

Warm, partly cloudy, threatening weather prevailed during the week, with light thunderstorms, especially the last half of the week in east and north counties. Dry land crops in many districts are at a standstill, while irrigated crops generally are doing well, the heat favoring them. Range is reported fair to good in eastern counties with stock in good condition and improving, but in central and western districts range is fair to poor, with stock thin and losing, creeks low or dry, and stock water scarce. Corn, which started a little late, is growing slowly in dry districts; beans are struggling and some replanting is being done. Harvest of winter wheat, oats and barley continues in southern valleys, along with beginning of cutting of alfalfa, while first cutting is being finished in north. Some early apples and plums are coming to market in south, and sour cherries and currants in north.

Stead: No rain for more than two weeks and range getting dry. Crops still doing very well; planting nearly finished.

Springer: Hot and mostly dry weather, although good showers have occurred northward and a hail storm passing along the edge of the station the first of the week. Alfalfa being cut.

Fort Stanton: Weather conditions continue hot and dry, poor for range and crops. Cattle and fruit doing well where irrigated. Cattle on the range just fair.

Lakewood: Week has been warm and dry; range and stock in fair condition. All crops under irrigation doing finely. Second cutting of alfalfa under way. More rain needed.

Chama: Rain is needed, gardens and ranches doing fairly well.

Blackrock: Weather of the week favorable for growing crops; light local showers. First cutting of alfalfa under way.

Willard: Fine showers, though light, are doing much good; temperature above normal, but cool nights. Cattle coming slowly; pastures and range benefited by the showers of the week.

Reserve: High winds and very warm, dry weather. Corn at a standstill; wheat and oats suffering from dryness; first cutting of alfalfa a short crop from dryness; range getting dry.

Agricultural College: Second cutting of alfalfa now ready, and harvest of wheat, barley and oats under way. Cattle in bloom. Shipments of cabbage continue; corn is well along.

El Paso: A hot week, with no rain. Range continues dry. The second cutting of alfalfa in progress under favorable weather conditions, and the harvest of wheat and oats continues. Some early apples and plums coming to market.

Roswell: Week about normal temperature, but with a more sprinkle of rain and excess sunshine. Irrigated crops doing well, especially cotton. Range generally good, with livestock fair to good and improving. Grass upper in station in Dexter district.

Chimayo: Crop suffering from dryness, and some dry land crops lost. Alfalfa in better condition and being cut. Few apples and peaches left. Cattle on range and corn continues; some replanting beans. Warm all week.

Bland: Hot, dry week, frequent thunder but no rain. Crops at a standstill; grazing poor and rain urgently needed. Creeks low.

WINNING GOLFERS RETURN.
New York, June 25.—America's triumvirate of golf masters—Walter Hagen, Jock Hutchison and Jim Barnes—will be in the Roman reception tomorrow when they return from England with the laurels of the golfing world on their brows. Hagen is the first native born to win the British open championship. His two companions were runners up finishing in the first four.

MRS. MALLORY WINS.
Wimbledon, June 29 (by the Associated Press).—The golf champion, Mrs. Mallory, the American woman champion, won her match today in the women's singles of the grass court tennis championship here. She defeated Mrs. Keays, of England, 6-0, 6-2.

New Haven, Conn., June 29.—Joseph C. Pelletier, former district attorney in Boston, has resigned as supreme advocate of the Knights of Columbus. It was announced at the E. of C. headquarters today.

AMERICAN WOMEN ARE CARELESS
Women are too apt to over-estimate their strength and over-tax it. When feeling well they take unnecessary chances, which in the long run cause much pain and trouble. Wet feet, exposure to cold, lifting heavy burdens and overwork will often develop troubles which cause no end of suffering. Lydia E. Pinkham's Vegetable Compound is the unfailing remedy in such cases. Thousands of American women will testify to this fact who have regained health and strength by its use. If you are suffering it will pay you to give it a fair trial.

TO STOP COUGHING AT NIGHT
A summer bronchial cough keeps not only the sufferer but other members of the family awake. Alfred Barker, 1061 Avondale street, East Liverpool, O., writes: "I consider it my duty to write and tell the results of Foley's Honey and Tar, which I used for my boy who had been suffering from a bronchial cough for 7 or 8 weeks. Foley's Honey and Tar has done him wonderful good, and I shall always recommend it. It soothes and heals. Sold everywhere."

YOUNG MARRIED COUPLE, 78 AND 80, WEDDED AT CONVENTION OF VETERANS

Mr. and Mrs. N. C. Dalton leaving the White House. N. C. Dalton and his wife, seventy-eight and eighty, paid a visit to President Harding recently after their marriage in Richmond, Va., during the annual convention of the Confederate Veterans.

INTERVENTION APPEARS ONLY WAY TO PREVENT WALKOUT OF SHOP UNION

(Continued from Page One.)

moved congress to enact the transportation act of 1920.

"The right to strike and tie up a private business is quite a different thing from any supposed right to choke and obstruct the flow of interstate commerce in this vast continental nation. Railway transportation is not a private business; it is essential to the very existence of our republic and to the individual well being of every citizen.

"No more strikes.

"I do not hesitate to make the prediction that never again will there be a successful railroad strike of any considerable importance in this country. The people will not stand for it. Every man concerned in traffic, travel and production, every consumer of the necessities of life, is absolutely dependent on the uninterrupted and efficient operation of the railways.

"There must be peace on the railroads. This cannot be obtained by leaving the carriers free to impose unjust conditions upon the employees or by permitting the employees, by organizations, however powerful, to impose unfair conditions upon the carriers and unbearable burdens upon the public. Such a system simply means industrial war, and this will result in disaster to the parties and the people.

"It is evident to every student of the situation that the railway labor organizations have no just cause for serious complaint at the treatment they have received at the hands of the federal wage tribunals during the war period and since.

Wages Declared Ample.
"The wages fixed by the recent decisions of this board will purchase more than the wages received by them prior to the war. In other words, their wages have increased by a greater percentage than has the cost of living. In some instances, the increase is strikingly notable.

"With but slight exceptions, the great carriers of the country have paid the wages fixed by the various succeeding government tribunals. Now that the decreases have come, the employees should be good sports and accept the reductions.

"If a change in conditions should at any time justify increased wages, this board will most cheerfully respond to the situation. Moreover, if it should at any time be made to appear to the board that any injustices have been done to any class of employees by any rule or wage decision, under a continuation of present conditions, it would be the duty of the board to correct such mistakes.

"Let it be understood, however, that the board is convinced at this time that it has made no mistake and committed no injustice of any noteworthy magnitude, in its recent decision on rules and wages.

"The employees do have one substantial grievance against certain of the carriers, and that is the contracting of railway employment to so-called independent contractors. This is not simply a labor grievance; it is a public grievance. This policy carried to its legitimate end, destroys the labor articles of the summer months. Senator Wheeler, a democrat, Massachusetts, argued that the duty proposed would be a penalty on the people of New England amounting to \$13,756,000.

Discussion of the proposed duty on honey brought forth considerable humor and sarcasm from the democratic side. Senator Stanley, of Kentucky, remarked that no doubt the duty was designed to sustain the higher standard of living of the American honey bee, and he declared that the "utter indifference of the democratic party to the American honey bee is pathetic."

Senator Hitchcock, Nebraska, gave it as his opinion that the duty was designed to protect the American bee from the German bee, which, he said, necessarily enjoyed a much lower living cost than the American bee.

NEW TRIAL GRANTED MAN CONVICTED FOR PASSING BAD CHECK
(Special Correspondence to The Journal.)
East Las Vegas, N. M., June 29.—A motion for a new trial was presented before Judge Leary in the case of H. D. Hall, indicted and found guilty of uttering a false check on a local bank. This case was tried during the present term of court, and the jury returned a verdict of "guilty."

The testimony developed that Mr. Hall gave a check to Felix Chavez for \$101 and told him at the time that he did not have quite enough to cover it, but that he would send enough checks to the bank for deposit to make the check good. It seems that Hall also owed the bank a note, and they charged \$41, the amount of interest due on the note to Hall's account and failed to notify Mr. Hall. Consequently upon presentation of the check it was short, not enough funds to cover. After hearing the motion for a new trial made by Attorney O. C. Askren, Judge Leary made an order granting the defendant a new trial.

Duties approved were: Milk, fresh, 2 1/2 cents a gallon; house rate, 1c. Sour and buttermilk 1c a gallon; house rate 1-2c. Cream, 2 1/2 cents a gallon; house rates, from 5 to 10 cents. Milk powder, 5 cents a pound; house rate, 5 cents. Poultry, alive, 3 cents a pound; house rate 2 cents; dressed, 6 cents a pound; house rate, 4 cents; all other poultry dressed, 5 cents per pound; house rate, 20 per cent ad valorem. Poultry prepared or preserved and not specially provided for, 35 per cent ad valorem; house rate, 22 per cent.

Honey, 3 cents a pound; house rate 2 1/2 cents.

Debate over the milk and cream duties developed a controversy among New England senators. Explaining that New England did not produce sufficient cream to supply the demand during the summer months, Senator Wheeler, democrat, Massachusetts, argued that the duty proposed would be a penalty on the people of New England amounting to \$13,756,000.

"TARIFF IS FOR PROTECTION OF BEES"—STANLEY

(By The Associated Press.)
Washington, June 29.—Tariffs on foodstuffs occupied the attention of the senate again today with committee rates of milk, cream, poultry and honey receiving overwhelming endorsement despite fights from the democratic side and some opposition from the majority side in the case of the rate on cream.

Duties approved were: Milk, fresh, 2 1/2 cents a gallon; house rate, 1c. Sour and buttermilk 1c a gallon; house rate 1-2c. Cream, 2 1/2 cents a gallon; house rates, from 5 to 10 cents. Milk powder, 5 cents a pound; house rate, 5 cents. Poultry, alive, 3 cents a pound; house rate 2 cents; dressed, 6 cents a pound; house rate, 4 cents; all other poultry dressed, 5 cents per pound; house rate, 20 per cent ad valorem. Poultry prepared or preserved and not specially provided for, 35 per cent ad valorem; house rate, 22 per cent.

Honey, 3 cents a pound; house rate 2 1/2 cents.

Debate over the milk and cream duties developed a controversy among New England senators. Explaining that New England did not produce sufficient cream to supply the demand during the summer months, Senator Wheeler, democrat, Massachusetts, argued that the duty proposed would be a penalty on the people of New England amounting to \$13,756,000.

LAS CRUCES COMES TO ASSISTANCE OF THE SALVATION ARMY

(Special Correspondence to The Journal.)
Las Cruces, N. M., June 29.—For work in Dona Ana county this year the advisory board of the Salvation Army, with headquarters in Las Cruces, has set its quota at \$1,000. In addition, the board of county commissioners and the town board will be asked for appropriations of \$1,000 and \$500, respectively.

The local barracks and the county work is under the immediate direction of Captain and Mrs. Mills, who have been here seven months, during which time they did much praiseworthy work. The committees in charge of the subscription campaign include the following:

Mrs. Herbert W. Yeo, Mrs. T. C. Campbell, Mrs. J. C. Waterman, Rev. Charles Fox, Col. J. C. Waterman, Dr. T. C. Sexton, Mrs. C. A. McNab, Mrs. W. H. Broadbuck, Mrs. M. B. Stevens, Mrs. H. N. Duck and Rev. H. J. Reentsma.

The committee announces an open-air dance on the concrete tennis court at community house for next Friday evening. The lawn will be decorated and illuminated. Refreshments will be served.

STROUD, RIDING-ROPING CHAMP, AT VEGAS SHOW

Will Give Daily Exhibitions; String of Ornery Bronks Arrives From Colorado to Pester Punchers.

(Special Correspondence to The Journal.)
Las Vegas, N. M., June 29.—Leonard Stroud, champion trick rider of the world, with his famous trick horse, his string of thoroughbred relay and Roman reeling horses, together with "Chief," the horse that jumps over an automobile filled with people, have arrived in Las Vegas ready to put on the classiest features ever seen at any outdoor show in the southwest.

Joe Murphy of Springfield, Colo., who drove a herd of 75 wild horses down from his home, is here. He reports his stock in fine shape and ready to give the buckaroos the fights of their life. At least ten relay strings are expected to enter the races and many of the best blooded race horses in the west are here and groomed for the big reunion program. Never since Roosevelt held the first reunion of his Rough Riders in 1899, has Las Vegas seen such an aggregation of fine bred horses.

GIVE A BABY SYRUP PEPSIN

Constipation, biliousness and like annoying ills will quickly disappear

A MOTHER is always anxious to give the safest and best medicine to a constipated baby, but is puzzled which to select. Let her decide by the ingredients on the package.

Every bottle of Dr. Caldwell's Syrup Pepsin has the formula printed plainly on the outside of the carton under the portrait of Dr. Caldwell, who wrote the prescription in 1892. You will find that it is a combination of Egyptian Senna and other simple laxative herbs with pepsin. It will not gripe the baby, and it is free from narcotics.

A bottle sufficient to last a family several months can be had at any drug store, and the cost is only about a cent a dose.

While no one, young or old, need take a drastic purgative like salts or calomel, be especially careful what you give a

"Re-Papering is Such a Task! —and so expensive —and then it only stays clean such a little while"

This persistent cry from thousands of home-makers resulted in McMurtry Flatcote paint for walls and ceilings.

Flatcote is today made in 24 beautiful colors and white, lending itself to practically any scheme of interior decorating.

It is easily applied to plaster walls, smooth or sand finished, on metal, over burlap or even over old wallpaper. It dries quickly and gives a rich finish best described as velvety.

Flatcote is inexpensive to apply but its greatest economy and largest appeal to the woman who is particular about the appearance of her walls is the fact that, when soiled, it can be restored to its original freshness by simply washing with mild soap and warm water.
